Aspiring Software Developer

Python | SQL and Database Design | Analytical Problem Solving

Professional Summary

- Software Engineering Technology - Artificial Intelligence student at Centennial College with a 4.21/4.50 GPA; seeking a Winter 2027 Business Intelligence co-op
- Applied knowledge of Python, SQL, and C#, including object-oriented programming and relational database concepts
- Designed a 12-table relational database in Oracle SQL Developer using ERDs and primary and foreign key relationships to support organized, consistent data
- Strong mathematical and analytical foundation developed through a Bachelor of Science in Mathematics and graduate education in Environmental Science and Management
- Demonstrated analytical problem-solving, information management, communication, and teamwork through technical projects, customer service, and administrative work
- Multilingual communicator: Bengali (Native), English (Fluent), Hindi and Urdu (Intermediate)

Technical Skills

- **Data and Database:** SQL, Oracle SQL Developer, ERD, Relational Database Design, Primary and Foreign Keys
- **Programming:** Python, C#, Java (In Progress), JavaScript, PHP
- **Tools and Platforms:** Visual Studio, Visual Studio Code, Lucidchart, XAMPP, Ubuntu, VirtualBox, Microsoft Office
- **Concepts:** Data Integrity, Object-Oriented Programming, LINQ, UML, Software Requirements Analysis, Basic Unix/Linux

Education

Software Engineering Technology - Artificial Intelligence Advanced Diploma Sept. 2025 - Present
Centennial College, Toronto, ON *GPA: 4.21/4.50 (A)*
Coursework: Python Programming | Database Concepts (SQL) | Introduction to Artificial Intelligence | AI Systems Design | C# Programming | Software Requirements Engineering

Master of Science (MSc), Environmental Science and Management Graduated Dec. 2021
Jahangirnagar University, Dhaka, Bangladesh

Bachelor of Science (Honours), Mathematics Graduated June 2011
National University, Jessore, Bangladesh

Select Academic Projects

Library Management System | SQL and Oracle SQL Developer

- Collaborated in a three-member team to design a relational database for managing library operations
- Created an Entity-Relationship Diagram and 12 interconnected tables in Oracle SQL Developer
- Defined primary and foreign key relationships to maintain consistent records for members, books, borrowing, returns, fines, and wish lists

Smart Study Group Finder | Lucidchart

- Collaborated in a four-member team to analyze and document requirements for a student study-group matching system
- Designed a Use Case Diagram in Lucidchart to map user roles and system interactions
- Contributed to State and Sequence Diagrams and a process flowchart to document system behaviour and workflows

Other Experience

Retail Associate | Walmart Canada, Scarborough, ON June 2026 - Present

- Process customer purchases and payments accurately while providing courteous service at checkout
- Monitor self-checkout stations and assist customers with scanning, payment, and transaction-related concerns to support an efficient checkout experience
- Follow cash-handling, privacy, safety, and store procedures while collaborating with team members

Executive Administrative Assistant | EQMS Consulting Limited, Dhaka, Bangladesh Jun 2022 - Jun 2024

- Coordinated executive schedules, meetings, and travel arrangements to support efficient daily operations
- Managed and responded to email and phone communications while liaising with executives, clients, team members, and external partners
- Oversaw office supplies, vendor coordination, and maintenance to keep daily operations running smoothly
- Organized sustainability workshops & client presentations; supported employee onboarding and meetings

Community Involvement

Community Program Coordinator | Catholic Cross-Cultural Services, Toronto, ON Jun 2025 - Aug 2025

- Contributed 147 volunteer hours supporting the Children's Summer Camp, WIN Program, and NOW Program focused on supporting newcomer information, settlement and inclusion
- Assisted with participant registration, attendance tracking, setup, meal distribution, and general support
- Facilitated indoor and outdoor activities in a safe and welcoming environment
- Collaborated with staff to support children, families, and newcomers from diverse cultural backgrounds

Professional Development

Computers For Work - Microsoft Office | Toronto District School Board, Toronto, ON June 2025
